Mr. Matthew Brodersen with MIRMA, Missouri Municipal Trust Insurance Company presented the Mayor and Board of Aldermen with information regarding MIRMA's program, how it works and information for the City's liability and workers compensation program the is up for renewal.

After discussion the Board members present thought that based on the information presented by both companies they would like to be presented information for renewal from MIRMA.

At this time City Administrator Welch stated that section Chapter 600 - Alcoholic Beverages of the City Code needs updated to stay in compliance with state statutes and Mark Bishop, City Attorney has made those changes in the draft brought before them. The Board agreed to allow the City Clerk to issue the picnic licenses as they are applied for, City Code already allows this however they were still

brought before the Board for approval. Alderwoman Johnson questioned the Jour de Fete section of the ordinance which limited alcohol content to 9.9 percent which would keep local wineries from selling outside their premises. She asked if this section should be amended to include the alcohol percentage so that wine and mead could be included. City staff will review and bring back recommendations in a work session.

With no further business Mayor Hassler adjourned the work session.
