

Attestation as to Material Replacement

Attestation

I understand and attest that _____ at _____
(Describe proposed action) (Address)

is considered ordinary maintenance and repair and will be exempt from Certificate of Appropriateness Review by the Ste. Genevieve Heritage Commission or the City Administrator because 1) I am replacing original materials (those used when the structure was built) on my structure with in-kind materials, that is materials with identical features, finishes, construction technique or craftsmanship and match the original materials in design, and other visual qualities that can be perceived or is visible by ordinary view: or 2) I am replacing existing non-original materials with the same or similar materials and match the design of the existing materials. I further attest that, if the structure is on the Ste. Genevieve Landmark Register, no more than thirty percent (30%) of the character-defining architectural feature's original materials are being replaced.
